JACKSONVILLE, ILLINOIS, SUNDAY MORNING, JULY 17, 1904.

GREAT STRIKE WILL CONTINUE

NEGOTIATIONS FOR PEACE AT AN END

**Union Officials Insisted All Who
Went Out Must Be Taken
Back, But Packers Refuse to
Consider the Proposition.**

Chicago, July 16.—All chance of peace in the packing house strike has vanished for the time being at least. Negotiations came to an end late this afternoon after a conference which had lasted nearly all afternoon between three officers of the strikers and a number of packers. The final break resulted when the union officials insisted that all who had gone out on strike be taken back and given their old places. The packers declared this would necessitate the discharge of all men they had employed since the commencement of the strike and that they could not and would not consider it. The conference then broke up and the strike will continue.

The first matter considered at the conference was arbitration. After prolonged discussion representatives of the union agreed to waive the stand they had taken when they insisted that arbitration should consider only advance in wages and the scale paid prior to May 23 should be paid pending decision of the arbitrators. They agreed to accept the demand of the packers that the decision of the arbitrators should cover the entire scope of the strike and its causes. Then came the question of taking back the strikers and not being able to come to an agreement the negotiations broke off and representatives of the union left the meeting.

A mass meeting of unions allied with the meat cutters and butchers now on strike was held to night to discuss the advisability of going on a sympathetic strike. Twenty-two unions were represented, with a total membership of 12,000. Of these unions nineteen were instructed to strike if the meat cutters and butchers asked them to do so. It was decided that no action should be taken until the meeting on Monday night of the packing trades central body, the committee having general jurisdiction over all unions at the stock yards.

The firemen's union say they will give the packers an ultimatum on Monday. They have grievances of their own, they declare, and do not wish to work with nonunion men that have been placed in the plants since the strike.

FIRE PROTECTION.
Chicago, July 16.—Fire protection at the stock yards was increased to day at the instance of the Chicago Underwriters' association. The action was accepted as indicative of fear of packers and insurance men that the stage of the strike has been reached where widespread disorder may be expected. A disturbance was caused to day by a crowd which attempted to prevent a score or more non-union workmen from entering the yards.

AT OTHER POINTS.
Kansas City, July 16.—All five leading packing companies killed to day, each exceeding the output of previous days of the strike. Each is putting on additional men.

St. Paul, July 16.—Contrary to expectations striking butchers made no demonstration to day when the Swift company office force appeared for duty at South St. Paul, but allowed them to enter the plant. It was announced the plant is already running, but Monday would be operated on a much larger scale.

Omaha, July 16.—Several hundred new men were given employment at packing houses to day. Considerable slaughtering was done. All plants are operating in a limited way.

The first clash between the sheriff's force and striking butchers at Swift's plant at South St. Paul occurred to day when a spirited and hardly successful effort was made by the company, assisted by the sheriff and deputies to force about twenty-five men through a big crowd of strikers who were congregated about the entrance of the packing house yards. A severe hand to hand encounter ensued and several on both sides were badly bruised.

Following this clash the sheriff had a conference with Governor Van Sant and afterwards called the union leaders together and notified them that unless they obeyed the law and desisted from interference with him in the performance of his official duties he would call upon the governor for troops. The sheriff ordered the abandonment of the cordon of pickets. This was complied with, but as soon as the sheriff left the scene the cordon was reformed and the work of holding up every man attempting to pass went on.

St. Joseph, July 16.—Swift, Hammond and Morris were operating to day, clerks and other employees doing the work.

St. Louis, July 16.—But little slaughtering as far as known has been done. East side packing houses practically ceased operations. Restaurants made another increase in the price of meat orders to day.

Sioux City, July 16.—The Cudahy company has asked for extra police protection. There was no disturbance to day.

Kansas City, July 16.—At Armour's 200 nonunion employees walked out to day.

NO DISASTER TO JAPANESE

OFFICIAL DENIAL COMES FROM TOKIO

**No Fighting at Port Arthur on
Date Named—Japanese Push
Forward—Battle Imminent—
Other News.**

St. Petersburg, July 16.—Japanese are continuing to advance on Ta Tche Kiao, following a scientific plan and entrenching their positions as they move forward. They appear to be taking extra precautions on account of their knowledge that Kurapatkin is at Ta Tche Kiao personally.

According to a dispatch from Lieutenant General Sakaharoff, dated July 15, General Oku's and General Nodzu's armies have joined at Fanchi, ten miles from Ta Tche Kiao. Japanese are also reported to have occupied Plintau, seven miles north of Kai Chou, and were still proceeding toward New Chwang, which had not been occupied July 15. A detachment of Kuraki's force is reported to have reached Tschakhe, forty miles east of Liao Yang on the Feng Wang Cheng road.

July 16, July 16.—The Imperial headquarters staff officially deny the St. Petersburg reports that Japanese lost 30,000 in a battle near Port Arthur July 10 or 11. Not a shot was fired on either date.

Odesa, Russia, July 16.—The Russian steamer Trouver, which arrived here from the Persian gulf, says English are persistently spreading rumors that six armed Japanese merchantmen are lying in wait for Japanese ships in the Red sea and Persian gulf.

Ta Tche Kiao, July 16.—There is reason to believe the whole or part of the Port Arthur squadron has come north into the Gulf of Liao Tung. Sound of firing of heavy guns was heard seaward. Warships were distinguishable firing in the direction of Kai Chou. It is surmised they could only be Russian vessels.

St. Petersburg, July 16.—In fighting July 3 and 4 for positions at Lamsan, outside of Port Arthur, Viceoyr Alexeff reports Japanese were repulsed and that Russians captured a number of Japanese fortifications. Russian losses were two officers and thirty-five men killed; four officers and 247 men wounded. Chinese report Japanese losses as 2,000.

A report from Alexeff says according to information received Japanese landed 20,000 men and fifty guns at Port Dalny July 2.

Berlin, July 16.—The Lokal Anzeiger prints a dispatch forwarded from a junk in front of Port Arthur, under date of July 13, via Tien Tsin, July 16, stating that the Japanese since July 11 have landed 30,000 men near Pigeon bay under the protection of the entire fleet. The Russians offered little resistance, only a few shots being fired by shore batteries. A general assault is expected soon.

WORLD'S FAIR AWARDS.
St. Louis, July 16.—Award of world's fair contest prizes were announced to night as follows:

First grand choruses—First, \$5,000, Scranton Oratorio society, Scranton, Pa.; second, \$3,500, Evanston Choral, Evanston, Ill.; third, \$2,500, Denver Choral, Denver, Colo.

Second grand choruses—First, \$2,500, Denver Select choir, Denver, Colo.; second, \$1,500, Pittsburgh Cathedral choir, Pittsburgh, Pa.; third, \$1,000, Ravenswood Choral, Ravenswood, Ill.

The Scranton society, which took first prize, also won first prize at the Columbian exposition, Chicago.

ATE TOASTSTOOLS.
Carbondale, Ill., July 16.—Two are dead and four fatally poisoned at Jeffrey, Ill., as a result of mistaking toaststools for mushrooms. Mr. and Mrs. Fry and three children ate supper with G. B. Greenfield and family. All partook of the supposed mushrooms except Mrs. Greenfield and two Fry children. Greenfield and John Fry, eldest son of Dr. Fry, are dead. Two Greenfield children were probably fatally poisoned, also Mrs. Fry and another child.

CUBA WILLING TO WITHDRAW.
Havana, July 16.—The government of Cuba, it is stated, would be willing to withdraw its contract to raise the wreck of the battleship Maine if the United States government should manifest a desire to remove the wreck. It is understood the authorities at Washington are opposed to a revival of the question or the cause of the loss of the battleship, preferring that the mass be lifted only sufficiently to be towed to sea and sunk.

THROWN FROM AUTOMOBILE.
Farmington, Conn., July 16.—Charles D. Rogers, a millionaire, proprietor of Chicago, was thrown from his automobile here this evening and sustained a fracture of the skull. His condition is very critical.

ACCUSED TO REQUEST.
Johannesburg, July 16.—Lord Milner announced to night that the British government had acceded to the request that Kruger might be buried at Pretoria. Preparations will be made by the Boers for a big demonstration in honor of the late president.

WILL BE READY UP BY THE SEA

President Roosevelt Completing Arrangements to Receive Notification.

Oyster Bay, July 16.—President Roosevelt and Secretary Loeb are perfecting arrangements for ceremonies incidental to the president's formal notification of his nomination, which will occur at Sagamore hill the 27th instant. The ceremonies will be marked by simplicity. About a hundred people, including the national committee, will be present. Speaker Cannon, chairman of the committee on notification, will deliver the committee's announcement.

AT FULL SPEED.

Williamsport, Pa., July 15.—The Buffalo flyer north bound, with three car loads of Shirliners en route from Atlantic City, was wrecked to day on the Buffalo and Allegheny division of the Pennsylvania railroad. Two trainmen were killed and five injured. The flyer and a fast freight collided in a fog while both were running at full speed.

AWARDED DAMAGES.

Victoria, B. C., July 16.—The jury in the case of the Center Star Mining company, limited, versus the Roseland branch of the Western Federation of Miners to day awarded \$12,500 damages to the company on the ground that the federation had used illegal means in conducting its strike and had wrought detriment to the company's business to the amount granted as damages.

AT THE FAIR.

St. Louis, July 16.—The first regiment of the Illinois National guard arrived at the fair grounds to day. A formal reception will be given by Governor Yates in honor of the regiment at the state pavilion Tuesday night. Six members of the regiment were overcome by the heat just after the parade this evening, but all are reported out of danger.

CASES OF MILK SICKNESS.

Danville, July 16.—Milton Long and wife and daughter, who live six miles northwest of the city, are just recovering from a severe attack of milk sickness, which has kept them in bed for about two weeks. Their cases are the first of the kind reported in the county for many years, although in pioneer days it was a common malady and one that the early settlers frequently succumbed to. It is caused from eating butter and cheese and drinking milk of cows that foraged in the woods. Milk sickness is believed to have its origin in an herb that grows in damp, shady places. The draining of the swamp land and the removal of the timber was believed to have done away with the disease and the cases that have appeared on the Long farm will be a great surprise to many people.

WON BY KEENE'S HORSE

Brighton Junior Stakes, Worth \$15,000, Won by Sysonby.

New York, July 16.—James R. Keene's Sysonby easily captured the \$15,000 Brighton Junior stakes, six furlongs, to day. The Keene entry, Sysonby and Veto, were favorites in betting at 4 to 5. Jonquil was second and Brilisher third. Time 1:33 flat, the fastest made in a two year old race at the meeting.

THE SAME MAN.

Glenwood Springs, Colo., July 16.—The body of the Rio Grande train robber who committed suicide after being wounded by one of the posse pursuing him was exhumed to day and inspected by a Chicago detective who had much to do with the conviction of Harvey Logan, the noted bandit, at his trial at Knoxville, Tenn., for participation in the Great Northern train robbery. The detective declares Harvey Logan and the Rio Grande bandit are identical.

HAS RESIGNED.

St. Louis, July 16.—Lieut. C. Sidney Haigh, Fourth United States cavalry, military aide to President Francis and director of military camps at the exposition, has resigned upon request. It is said, of the war department, which acted after hearing the result of the investigation into the negro problem at the exposition. This investigation was ordered by President Roosevelt, it is stated. The resignation is believed to a direct result over the Eighth Illinois (negro) regiment (Chicago), which was originally assigned to the regular military camp at the fair. When it was learned that the Eighth was a negro regiment Haigh wrote its colonel asking him if he would consent to occupy a camp in a remote section of the grounds. The regiment abandoned its plan to visit the fair and the president's attention was called to the matter.

TO FAIR IN CANOES.

Paduach, Ky., July 16.—R. W. Imbrie, O. H. Gates and H. C. Hengstler, students of Columbia university, Washington, D. C., arrived from the headwaters of the Tennessee in two canoes en route to the world's fair. They have traveled 830 miles, crossing Tennessee twice, Alabama and Kentucky once and touching Mississippi. All are in good health. Their supplies are carried in their boats and they expect to reach St. Louis in a week.

DEAD GIVEN UP BY THE SEA

BODY OF F. KENT LOOMIS FOUND

Washed Ashore About Fifteen
Miles From Plymouth—No
Evidence of Foul Play—Body
Badly Decomposed.

Kingsbridge, Devonshire, July 16.—The body of F. Kent Loomis, who disappeared from the North German Lloyd steamer Kaiser Wilhelm II, June 20 as that vessel was nearing Plymouth, was found this morning at Warren Point, adjacent to Thurlstone sands, fifteen miles from Plymouth. Thomas Snowden, a laborer, was walking along the cliff when he noticed a body tossing among the breakers on the incoming tide, thirty yards from shore. Snowden hurried down the cliff and by the time he reached the beach the waves were washing the body against the rocks. Snowden grasped the clothing of the body and dragged it ashore. The remains were very much decomposed. The body was bruised by contact with the rocks on which it had been hurled by the heavy waves. It was dressed in a grey overcoat, dark blue suit and white shirt.

Snowden at once informed the police and neighbors. When the body was searched a gold watch and quantity of American and English money in notes and coins were found in the pockets of the deceased and also a card with the name F. Kent Loomis. The pockets also contained a number of private papers. These, together with the valuables, the police took charge of and the body was removed and placed in a farm building at Thurlstone village to await the inquest July 18, pending which, and according to the red tape methods of English police methods, it may be impossible to secure anything definite concerning the nature of the papers or positive announcement of identification of the body.

It was late to day before the significance of the discovery was grasped by the authorities of Kingsbridge, the nearest town, but this evening the police of Thurlstone said there was no doubt that the body was that of Loomis. The features were particularly recognizable from descriptions, but there was no one on the spot until a late hour who could positively identify the remains. The American consul at Plymouth was notified this afternoon and he at once proceeded to Thurlstone for the purpose of making official identification.

After viewing the body to night the consul had no doubt that it was that of F. Kent Loomis. The police, however, refused to allow the consul to examine the papers found on the body. These papers had been sealed up and the consul was informed that he must obtain permission of the coroner to inspect them. Up to a late hour to night this permission was not secured. All valuables found on the body also had been sealed up, including a ring, which was found on a finger and which is said to be inscribed inside with the name of Loomis' wife. The American consul has arranged that proper care be taken of the body. No medical examination has yet been made, but so far as known there are no signs of wounds or evidence of foul play.

To night the American consul identified the body as that of Loomis. In an interview with representatives of the Associated Press the consul said there was an abrasion under the right ear. There were no important papers on the body and the deceased's watch had stopped at 6 o'clock. It will be remembered that the steamer Kaiser Wilhelm II, from which Loomis disappeared, arrived at Plymouth at 2 o'clock in the morning.

Washington, July 16.—Assistant Secretary of State Loomis to night told of his efforts to clear up the mystery surrounding the disappearance of his brother. When the Kaiser Wilhelm II, arrived in port he visited the vessel, examined those parts of the vessel his brother was in the habit of frequenting and talked with officers and employees who knew him. He concluded his brother had ventured out, alone the dock railing to walk along an unprotected edge and fell overboard.

"There was no evidence obtainable," said the assistant secretary, "to warrant either the conclusion that he had committed suicide or been a victim of foul play."

Assistant Secretary of State Loomis to night received a cablegram from Consul Stevens at Plymouth, England, which reads:

"I have made complete and positive identification of the body by means of watch and ring."

THE WEATHER.

Chicago, July 16.—This was the hottest day of the year. The government thermometer registered 90 degrees, while it was three degrees hotter on the street level. Four laborers were prostrated during the day and died after being taken to hospitals. Eight other prostrations were reported to the police.

Milwaukee, July 16.—There were five prostrations here to day, none fatal. Thermometers on the west and south sides of the city registered 92, while in the vicinity of the lake the mark was 76.

JUDGE PARKER UP BY THE SEA

Continues to Receive Congratu- lations—Leaders to Confer in New York.

Esopus, N. Y., July 16.—Judge Parker to day received a long congratulatory letter from former Senator W. F. Vilas of Wisconsin. Several crank letters were received to day. A Washington friend sent Parker a bunch of street car tickets "for use after your inauguration."

There is to be an independent Democratic conference in New York city Monday, at which will be present a considerable number of leading Democrats. Judge Parker will not be there. Sheehan will go to New York Monday morning for two days. He said to day he expected to see Gorman in New York and doubtless also Candidate Davis. The latter is expected to come to Rosemont about Wednesday. No further steps have been taken toward joint notification of the candidates and there is little reason to suppose any such thing will take place.

Detroit, July 16.—The Free Press says Daniel J. Cimpan, Democratic national committeeman of Michigan, left for Esopus, N. Y., to night after a conference to day at Mt. Clemens, Mich., with Charles J. Murphy, the Tammany leader, the inference being that Cimpan's errand is one of peace between the Tammany leader and Democratic nominee for president.

The Free Press Jackson, Mich., correspondent says that Thomas E. Barkworth, chairman of the Democratic state central committee, to night announced he has decided to take no further action as state chairman and would not attend committee meetings preliminary to the state convention. Barkworth characterizes Parker's telegram to the St. Louis convention as an affront to the Bryan Democrats. He expresses the belief that he would still identify himself by acting as state chairman when he is not in accord with the pre-dominant influence in the party in the state and nation.

RECEIVED OVATION.

Cumberland, Va., July 16.—Vice Presidential Candidate Davis received an ovation all along the line this afternoon while on his way from Eldins, Va., to Keyser, where he spent the evening at the home of his brother, Col. Thomas B. Davis. Great crowds turned out at every station and the enthusiasm was intense.

THE G. A. R. ENCAMPMENT.

Boston, July 16.—The official program for the week of the national Grand Army encampment was announced to night. A parade of sailors and marines will take place Aug. 15. Next day the Grand Army will parade, when 30,000 veterans will be in line. The convention will open on the 17th and the evening of that day the delegates will go to Waltham to see the river carnival. The remainder of the week will be given over to business sessions with entertainments intervening.

Rye, N. Y., July 16.—Walter J. Travis, amateur golf champion of the United States and Great Britain, beat Findlay S. Douglass, American champion of 1890, in the final round to day for the first cup at the Apawamis club tournament, 2 up 1 to play. In the morning Travis did 77 when opposed to S. J. Graham, Jr., in the semifinal, and his card against Douglass was 79.

Sioux City, Iowa, July 16.—Specials to the Journal to night place the total registration on the Rosebud reservation to date as follows: Bonesteel, 17,249; Fairfax, 3,622; Yankton, 2,875; Chamberlain, 3,070. Total, 51,792.

Korean Customs.

"The Korean," said the Rev. C. T. Collyer, lecturing at the Anthropological institute in London, "never cuts his hair or beard. To do so is considered a mark of dishonor to his parents, whom he strongly reverences. Any hairs that may happen to come out, and even the parings of his finger nails, are carefully saved and put into the coffin with him in order that he may go back to mother earth intact."

Mr. Collyer also mentioned that the system of identification by finger prints, which was introduced into Europe recently, had been practiced in Korea for many centuries, says the Chicago Inter Ocean. He had been able to trace back its use for 1,200 years in the deeds for the sale of slaves. The slave was required to place her hand—all the slaves are women—upon the sheet of paper on which the deed was written and the outline of the fingers and thumb was then traced, after which an ink impression of each of the fingers was taken.

RUSSIANS SEIZE GERMAN STEAMER

REGARDED AS HIGHHAND- ED BY GERMANY

**Mail Packages for Japan Taken
From North German Lloyd
Steamer in the Red Sea as
Contraband of War.**

Aden, Arabia, July 16.—The North German Lloyd steamer Prinz Heinrich, which arrived here from Hamburg and Southampton for Yokohama, reports it was stopped by the Russian volunteer steamer Smolensk and compelled to give up thirty-one sacks of letters and twenty-four sacks of boxes and parcels intended for Japan. It is reported the Panama and Oriental company's steamer Mafra, from Antwerp for Japan, has been seized in the Red sea by the Russian volunteer steamer St. Petersburg.

Berlin, July 16.—The foreign office here confirms the report of seizure of the mails of the steamer Prinz Heinrich. The Tagblatt says: "A speedy explanation of this Russian action against the empire's postal flag is imperatively necessary. Steps must be taken that also avoid in made and such Russian arbitrary acts are avoided in the future."

The Lokal Anzeiger thinks the seizure will be most hard to justify and says if action is found to be contrary to law of nations the German government will not hesitate to apply a remedy in its widest scope.

The National Zeitung declares the confiscation of mail sacks aboard the Prinz Heinrich by the Smolensk unjustifiable and indefensible under international law, even were the presence of contraband justly suspected. Postal matter, the Zeitung says, should be exempt from confiscation and it is to be expected that the Russian government will immediately rectify the error of the Smolensk.

DR ERO CHANDLER HERE IN EARLY DAYS

Facts Regarding His History are Presented by Rev. J. M. Sturtevant.

Editor Jacksonville Journal: Two years ago while I was a patient at Passavant hospital, Dr. Black asked me about Dr. Ero Chandler, who gave the site long occupied by the Jacksonville Female academy. I could then tell little about him, except to mention my pleasant acquaintance with him and the (to me) interesting fact that the was my mother's physician at the time of my birth.

Recently I have been looking into the facts of his history. He was born in Vermont in the year 1795. In 1804 he removed with his father's family to Zanesville, Ohio. He graduated from the college at Athens in that state and soon received the degree of M. D. In 1820 he removed to Jacksonville, Ill., where he practiced medicine with excellent success for fifteen years, and was well known for his liberality to the cause of education, having given, besides the site for the academy, \$400 to Illinois college, which was a large sum for those times. His daughter writes me that he was always a Congregationalist.

It is certain that, removing in 1835 to the vicinity of Warsaw, Ill., he was soon very active in promoting the organization of the Congregational church in Warsaw and when that church was dissolved he secured the organization of another church of the same order in the county near his home. Of that church he was a member from its organization in 1851 till his death in February, 1883. Under the circumstances, it seems strange that his gift to the cause of education in Jacksonville should ever have been used as the price for which Illinois college was pledged to Presbyterianism. Of this, Jacksonville people may be assured, Dr. Chandler was a broad minded man and very far removed from anything narrow minded or insincere. Yours truly, J. M. Sturtevant.

VOTE OF THANKS.

The park commission, through its secretary, T. H. Buckthorpe, wish to express its appreciation of the aid given it in the recent election for the support of Nichols park, and to thank the voters of the city who helped to make the tax possible. The commission also wish to thank the gentlemen who so kindly gave their assistance to the commission, acting as they did without pay and gratis in every respect. Their kindness will not soon be forgotten by those who are trying to manage the park. It will not be long before every one can see the fruits of these efforts to improve the park.

BIRTHDAY PARTY.

Friday, July 15, Mr. and Mrs. Henry Franz, of Lincoln avenue, gave a party to their daughter, Alma, in honor of her thirteenth birthday. About twenty-five of her little friends were present and it is needless to say that all enjoyed themselves most heartily. Light refreshments were served at 4 o'clock. Those who assisted Mrs. Franz in entertaining and serving were: Mrs. Will Franz, Mrs. Ed Franz, Miss Susie Snyder, Miss Maudie Franz and Mrs. George Stoldt, of Nashville, Tenn. Miss Alma received many useful and handsome presents.

BRIDGE CONTRACT LET

Iron Structure to Connect North and South Sides of Nichols Park—Small Bridge for the Lagoons.

The contract for the erection of the bridge at Nichols park has been let to Robert Mutch and will be erected in the near future. It is to be an iron structure, forty feet long and eighteen feet wide, and is capable of holding up any load that may be placed upon it. It will also be a very pretty addition to the park and will connect the north side with the beautiful fields and shade trees on the south side of the lake. A club of the local nimrods will have the southwest corner of the grounds set aside for them and will erect a pretty little club house, and will hold shoots there off and on during the entire year. There will be no reason why a man with a gun cannot keep up his practice. This will not effect the law as to "no shooting" on the property, as the shooting will be confined to the part set aside for it.

Mr. Mutch was seen yesterday and said that the bridge would be adequate to all demands and that it would make a very pretty structure. He has had several years' experience in the erection of bridges and is a gentleman in every sense of the word, a man whose word on a matter of this kind can be relied upon. Smaller bridges will also be placed across the lagoons and in a very short time the whole park will be accessible.

LITTLE FOLKS' PARTY.

Joseph Poulaski had a party of little folks Saturday afternoon at his home on Epler street, in honor of his guests, Rose and Frank McDonald and Mary Moore. About thirty were present. The afternoon passed very pleasantly with music and games.

CURED OF CHRONIC DIARRHOEA AFTER TEN YEARS OF SUFFERING.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all leading druggists.

TREAT YOUR KIDNEYS FOR RHEUMATISM.

A GOOD MOVE

Give the Price of a Chair Anyhow.

Will Osborne started a very sensible movement yesterday and made some headway considering the small amount of time he devoted to it. As soon as the pavilion at Nichols park is finished it is expected that there will be a good many social functions out there, and of course people will not want to stand all the time, and it will be delightful to sit on the porch and enjoy the fresh air. To that end it has been suggested that it would be a good idea to have a lot of rustic chairs supplied and as the commission has no money, the seats will have to be furnished by private contributions. Will started out in the morning and worked but a few minutes and secured a good number of names.

There ought to be some seventy-five or a hundred chairs and they will cost not to exceed \$1.25 each and now it remains to be seen how many will assist in the enterprise. A bottom hoped that the necessary number will be provided. All willing to aid in such a good work, please call on Will Osborne at the dry goods store of Phelps & Osborne.

ONE LADY'S RECOMMENDATION SOLD FIFTY BOXES OF CHAMBERLAIN'S STOMACH AND LIVER TABLETS.

I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these Tablets.—P. M. Shore, Druggist, Rochester, Ind. The pleasant purgative effect of these Tablets makes them a favorite with ladies everywhere. For sale by all leading druggists.

PATENT MEDICINES.

A man that compounds or invents something that is just a little better than the next best thing, is certainly entitled to the best share of the profits to be derived from the sale of the article. So he patents or copyrights to protect his interests. Patented goods are good goods, poor goods are never patented. We have 20 years of trial behind us to give us the assurance that we have the best medicine compounded for the cure of dyspepsia, sick-headache, biliousness, indigestion and all stomach disorders. We protect the public as well as ourselves by keeping the formula a secret, as long as we make it we know it is made right and it cures these diseases. Druggists tell us that it is the one medicine that the sale is ever on the increase. To get the best remedy for dyspepsia or indigestion ask the druggists for Dr. Gunn's Improved Liver Pills, price 25c per box, only one for a dose. For sale by Lee P. Allcott.

Don't Be Taken In.

All coal may look alike to you, but the burning of it will show that there's a big difference in quality.

"Ideal" coal is the best soft coal the world produces. It is perfectly uniform in quality. Every ounce contains exactly the same reliable heat producing elements as every other ounce. It's free from foreign matter. Practically no clinkers whatever. Nothing but pure, concentrated heat and just a sprinkling of ashes.

To tell the truth, we did not blunder into "Ideal" coal by accident. We inspected and tested hundreds of kinds of coal before we found "Ideal." We wanted the BEST for our customers—and now we have it.

Fill your bin to the brim with "Ideal" coal right now. You'll not regret it. At present prices it's a gilt-edged investment. \$2.75 per ton, cash for July delivery. Order soon to day.

A MATTER OF PARK EDUCATION.
It is, perhaps, a matter of fact that the prettiest play house in the central part of the state is to be found at Nichols park, now in course of construction. Every thing that is possible for the architect and for the contractor to do, has been done and now it is up to the people to do the rest. The people can now make the park a success and a beauty forever or they can soon convert into a barn what is a monument to the men who have built the pavilion and to him who has made it possible. It is unfortunate that so many people are so unthoughtful or so careless as to do as has already been done at the park. The woodwork is of the very best and has not yet received the final touches and consequently is in a shape to become badly mutilated if not given the right care and attention. Already the first touches of paint have been put on the lower wood and now there are a great many foot marks of grown up people as well as smaller ones all over it. Some one pulled some boards over one of the railings and marked that up. Some children climbed up into the beams overhead and left the mark of their little feet on the walls where they scraped their way up. These things all go to show that some one does not appreciate what they have. It is not a place to see how many marks you can leave on it. It is your own personal building, each and every one of you citizens of Jacksonville, and you, each and every one, should do all in your power to keep it pretty. The open windows on the sides of the building are not to sit in. They are to look out of and to lean on. When you sit on them you leave the marks of your feet on the wall below you. It may become necessary for the commission to put some one out there to take care of the place and if they do, he will have a set of rules to enforce that will be as strict as the ones that govern Lincoln park or any other of the big parks. Not one word of this is meant as fault finding or blaming to any one or to be taken as such. It is simply telling you something which you probably have not thought of. Just try not to get grease on the veranda around the pavilion. Don't drop olives, sandwiches or banana skins on it. Just see how nice you can keep it yourself and it will last in beauty for many years and be a thing of beauty to all, while a very little carelessness will ruin it in a short time. Take as good care of it as though it were on your grounds and no one can raise a kick. If you don't think that every word of this is true just go to the park and see the grease stains on the east end of the veranda.
A Friend of the Park.

She Could Spell Too.
Kittie's little cousin had an exasperating habit of spelling her words when she wished to keep secrets from the younger child, whose knowledge of the alphabet was limited to one solitary letter.
"Kittie," said the little girl one day shortly before the holidays, "I'm going to give you a beautiful d-o-l-l for Christmas. What are you going to give me?"
"Something des lovely," said Kittie, not to be outdone in the matter of spelling. "I'm going to give you a bo-o-f-u-l crooked S."

Boy's Composition on Girls.
Most of us remember the story of the boy who on being told to write a composition on girls produced the following: "Girls is female winners that ain't growed up. They is awful teasers and fuss with their hare and play the piano. My sister is a girl."

PROMINENT LEADER BOLTS PARKER

Former State Committeeman T. N. Haskins Announces He Will Support Roosevelt.

La Salle, July 16.—Former State Democratic Committeeman Thomas N. Haskins has declared that he will support Roosevelt at the November election. Mr. Haskins said last evening:
"The action of the Democratic state committee and the subsequent gavel rule of the state convention in the unseating of the regularly elected delegates in La Salle and other counties, particularly Cook, partook so much of the nature of highbinderism that no man who is a Democrat as a matter of principle can do otherwise than vote for the Republican nominees."

SEES AUTOCRAT IN HOPKINS.
"In my opinion the issues are not between Republicans and Democrats in this state, but between Republicans and a machine controlled by John P. Hopkins. I further believe that Hopkins would sooner be in control and have the Democrats lose than be out of control and have the Democrats win."
"Roosevelt is more Democratic than Parker and stands on a platform of which no planks are missing, but Mr. Parker's platform is more holy than godly."
PREDICTS REPUBLICAN VICTORY.
"La Salle township, since its inception in 1818, has never gone worse than 200 Democratic, but this year it will undoubtedly give 300 Republican majority."

Mr. Haskins has the distinction of being the first prominent Illinois Democrat to bolt Parker for Roosevelt.

OFF FOR THE FRONT.

Manner of Transporting Russian Troops—Behavior of Officers.

At Moscow I was present at the departure of officers for the seat of war, says the Siberian correspondent of Le Journal of Paris. There were about fifty of them on board the train which took. Colonels of Cossack regiments, elegant officers of the guard and young lieutenants were all exuberant and gay. Oh, with what enthusiasm they started! There was but one moment of sadness, and that was at the station, where the men bade farewell and gave the last kisses to wives, children, mothers and fiancées. But the moment the train got under way all tenderness and affection vanished. The officers met in the dining car, clasped hands and congratulated each other. For them going off to the war was a fine feat, which was continued far into the night. The officers of high rank were many hours already at rest when the young captains and lieutenants were still drinking champagne to the expected victories of the Russian army.
It was at Samara that I witnessed the departure of the troops. Samara is a town of 90,000 inhabitants. It is at the point of bifurcation where the greater number of the railroads of European Russia join the Transiberian line. The soldiers used at first to travel in third class carriages, but now for the most part they are transported in baggage wagons which have been fitted up for them. These wagons are furnished with stoves and bunks, and they are well ventilated. Each soldier is fully supplied with blankets. The morale of the troops is excellent. They all appear to be delighted and proud of the chance to participate in the first engagements. They do not take their meals in the wagons. They eat at the railroad stations, where refectories have been established. In this way they get better food, and they have plenty of time to walk about after each meal, because the administration has taken measures to enable the men to have eight hours' rest on land every day.

FIRST BURMESE NOVEL.

Serial Publication Giving an Insight Into Native Life and Customs.

A new departure in Burmese literature, in the form of a publication of a Burmese novel, has been welcomed in Burma, says a correspondent of the Lahore Tribune. To every one familiar with the literature of the Burmese—and, unhappily, they are not many—there is no doubt that this departure will be welcomed as a relief from the tedious tales printed in ponderous volumes and written in conventional style.
An educated Burman well known in Rangoon has had the happy idea of writing the novel somewhat on the lines of those issued daily by publishers in other countries. The task was one beset with many difficulties, the first and greatest of these being the language itself, for its flexibility in expressing new ideas makes it, we are told, a very unwieldy instrument in the hands of even the most accomplished scholar. The cause of this stiffness is to be found in the evolution of Burmese literature.
The first Burmese novel which introduces this new departure from conventional literature, and surprised and even astonished Burmese readers, has appeared in serial form in the Friend of Burma and will shortly be published in book form with illustrations. The story is entitled "Maung Gln Maung Ma Maydo Vathun." It is interesting, we are assured, not only as to its plot, but as giving much valuable insight into Burmese family life and into the customs and practices of the Burmese people. Burmese life is painted, not as seen through European glasses, but as living in it.

General Kuroki's Alleged Descent.
Several French soldiers, survivors of the Chinese expedition of 1890, are responsible for the statement that General Kuroki, who is leading the Japanese forces in Manchuria, is in reality half French, says the New York Tribune. His name, they say, is properly spelled Curique. According to the story of these soldiers, a French officer, Captain Curique, while serving in China in 1850, married a Japanese girl. A son was born to them who was given the Japanese name Kuroki, corresponding to the French Curique. The son is General Kuroki. Captain Curique died last year in France. Until the last he corresponded with his son, who has since become famous.

PROHIBITIONISTS HELD CONVENTION

Name Candidates for County Offices—Address by Rev. T. H. Agnew of Waverly.

The Morgan county Prohibition convention met in the Lindsay building Saturday afternoon at 1 o'clock for the nomination of a county ticket, pursuant to the call issued by the central committee. The convention organized with George W. Reid as chairman and J. P. Solven as secretary. The divine blessing upon the assemblage was invoked by Rev. T. H. Agnew, of Waverly.
Nominations for candidates for county offices being called for, the following were chosen by the unanimous vote of the convention:
For circuit clerk—J. T. King, of Meredosin.
For coroner—M. F. Short, Franklin.
For county superintendent of schools—William Blackburn, Jacksonville district No. 6.
For county commissioner—L. L. Rexroat, Concord.
For county surveyor—Walter Rice, Markham.

It was later determined that William Blackburn, having removed from this county to Los Angeles, Cal., was not eligible for the office and G. E. Hunt, of Jacksonville No. 2, was chosen by the central committee for the place.
There was no nomination for the office of state's attorney, but the county central committee was empowered to fill this and any other vacancy which might occur.
The present county central committee was chosen to succeed itself. The members are as follows:
Chairman—J. H. Goodell, of Jacksonville No. 2.
Concord—Charles Sanders, Franklin No. 1—W. W. Kirby, Jacksonville No. 2—J. G. Hunt, Jacksonville No. 3—Dr. E. B. Duncan, Jacksonville No. 4—George W. Reid, Jacksonville No. 5—M. L. Purviance, Jacksonville No. 6—E. S. Reid, Jacksonville No. 8—J. H. Goodell, Jacksonville No. 9—G. S. Crabbe, Jacksonville No. 10—H. L. Larnier, Jacksonville No. 12—Robert Hembrough, Liberty—Harry Schafer, Lynville—J. A. Allen, Meredosin—George Hammond, Murfreesville—William Dryden, Piquah—J. T. Holmes, Woodson—William McAllister, Waverly No. 1—Benjamin Darley.

At the conclusion of the business of the convention, Rev. J. T. Agnew, of Waverly, delivered an address in the Central park. He spoke only fifteen minutes, as he had to catch the 2:55 train for Waverly.

CAN'T COMPETE WITH RUSSIA.

George Weiss, in the July Success, says:

"It may be interesting to know that within Russia's domain the Standard Oil company is meeting some of the most serious opposition of its long life of plunder. This giant trust supplies over 90 per cent of the foreign demand for oil. It has competed with the large oil interests of Russia, which are controlled by the Rothschilds and the Nobel Brothers, but it has never overpowered them. This is due to the Russian laws regulating foreign trade interests. The Standard Oil company controls the export price everywhere in the world except within the limits of Russian territory, where competition has not been stifled. Russia is just as rich in petroleum products as is the United States, and but for the power of the Standard Oil company they would be supplied to America by Russian producers. Russia protects her oil industry by a 200 per cent tariff; the United States puts oil on the free list. The czar is not responsible for this state of affairs. The power of the Rothschilds carried it into effect. These astute financiers pictured to the bureaucracy the infinite horror of an American trust slowly eating its way into the very center of public recognition by supplying a staple commodity at fluctuating price. The Rothschilds told the bureaucrats that if the Standard Oil company should become as powerful in Russia as in America, it would only add to the ever-burning fires of internal mistrust and rebellion in one way or another. For that reason the Russian government created the high tariff and permitted the Rothschilds and the Nobel Brothers to almost monopolize its oil industry."

The Surplus Stocks are Going Rapidly

The big sale we started this month is proving a splendid success. Prices on the balance of surplus stock will be lower than ever for the remaining days of the sale. We must cut down our stock and even the most desirable and seasonable goods are included in This BIG JULY CLEARANCE SALE.

Here's a Price List

That will draw the most conservative buyer, and remember, we are quoting prices on the very best goods from our regular stock, not on a lot of "jobs," "seconds," or "mill ends"

GENERAL MANAGER
INSPECTED SHOPS

J. H. Ramsey Came Here Saturday Morning and Left Over Wash in Afternoon.

General Manager J. H. Ramsey, of the C. P. & St. L., accompanied by W. B. Schaft, trainmaster; W. E. Kilien, master of maintenance of way; and John Sauer, roadmaster, visited the local shops Saturday, leaving in the afternoon over the Wash for Springfield. Friday the party visited the northern part of the road and Monday they will start on a tour of inspection over the St. Louis and Litchfield division.

Mr. Ramsey succeeds W. H. Gridley, who resigned his position some weeks ago. His resignation was not made public for the reason that President Kimball desired to announce his successor at the same time that the retirement of Mr. Gridley was promulgated.

Mr. Ramsey seemed very much pleased with the conditions existing at the shops here and the trip was made to acquaint the new general manager with existing conditions of the road.

BASE BALL

ENTERTAINED CLASS.
Miss Mabelle M. Jones pleasantly entertained her music class Saturday afternoon at her home on South East street. A musical program was rendered after which refreshments were served. Among the second year pupils who took part in the exercises were: Misses Gillian Thorne, Louise Schmitt, Lillian Jackson, Ethel Blumner, Melvina Schner, Della Rothwell and Ethel Ragan.

MATRIMONIAL

HARRY-SATER.
Dr. and Mrs. L. C. Sater, of Atlanta, Ill., have issued cards announcing the marriage of their daughter, Miss Eunice Sarrar, to Mr. Stephen A. Douglas Harry, of Hoopetown, Ill., on July 14.

Miss Sater is quite well known here, where she was a resident during the Altgeld administration while her father was a member of the medical staff at Central hospital. Miss Sater is a graduate of the Illinois Normal school and of the class of 1895 of the Woman's college. For several years she has been teaching at Atlanta.

Mr. Harry has been superintendent of the Hoopetown schools for a number of years and is well known as a leading educator.

HENRY-SCHROEDER.
July 14, Bert Henry, the commission man of East St. Louis, and son of Charles E. Henry, was married to Miss Rosa Schroeder at Springfield, Mo. The Journal offers congratulations.

STEWART-UZZELL.
David Stewart, of Cincinnati, and Miss Soleta Uzzell, of this city, were married Saturday afternoon by Squire B. B. Gray in his office.

WILL OPEN LIVERY BARN.
J. W. Woods shipped ten horses to Beards town Saturday to open up a livery business in that city. The livery barn will be ready for business on Monday and will probably be managed by Harry Perry, of this city.

Much favorable comment is heard concerning the excellent care the high school grounds are receiving this summer. Instead of being allowed to grow up in weeds as formerly, the lawn about the building is kept mowed and in good condition. The residents of that vicinity wish to express their appreciation of the present conditions and desire nothing further, unless it be a light in the rear of the building—a thing for which they have long fought.

HAS OLD PAPER
IN HIS POSSESSION

Clyde Martin Unearthed Copy of "Jacksonville Sentinel"—Paper Has Many Interesting Features.

Clyde Martin of the Jacksonville National bank has in his possession a copy of the "Jacksonville Sentinel" bearing the date of Oct. 16, 1887. It bears the name of J. W. Bailey, editor and proprietor; office, southwest corner of the public square, over Galt & Stryker's store; devoted to "News, Politics, Commerce, Agriculture, Markets, Literature, Education, Arts and Sciences."

Much of the space of the paper is taken up with attacks on the "Black Republicans," and gives a report of the proceedings of the Morgan county Democratic convention held in this city Oct. 10, 1887. The county at that time was divided into nine precincts—Jacksonville, Waverly, Franklin, Sulphur Springs, Lynnvill, Bethel, Concord, Arcadia and Indian Creek. The nominees were as follows:

For county judge, Sidney S. Duncan; for associate judges, Andrew J. Thompson and William W. Simms; for clerk of the county court, Stephen F. Corrington; for county surveyor, William S. McPherson; for assessor and treasurer, Daniel B. C. Bayless; for school commissioner, Newton Bateman.

The St. Louis market report has such items as these: Wheat, from inferior damp fall at 45 to 50c, to choice white at \$1.00; corn, 55c to 60c, market dull; oats, inactive, 35c to 45c; whisky, supply small and no sale, quoted at 14½; potatoes, dull, 55c to 65c.

CORN WEATHER.

Corn weather, though a little delayed, is here at last and farmers are correspondingly jubilant. A week or ten days of just such weather as we have been having the last few days will assure an immense corn harvest. Saturday the thermometer registered about 90, the highest point reached this summer.

The tournament committee has issued very neat score cards in two colors—green and red. The card measures diagonally five and three-fourths inches. The name, distance and bogey of each hole is as follows:

1. Watch Me—464 yards.....6
2. The Brook—186 yards.....4
3. Sunset—273 yards.....5
4. Meadow—620 yards.....7
5. The Root—200 yards.....4
6. Windmill—40 yards.....6
7. Tribulation—264 yards.....5
8. Laddie—236 yards.....4
9. Home—460 yards.....6

Distance course—3002 yards.....47

Saturday was the last day for the qualifying contest for a place on the local golf team, which will represent Jacksonville in the tournament games this week. The conditions of the qualifying contest were: Ten rounds against bogey (47) and the members of the team and their respective scores are as follows:

Down. Up.
Marcy Osborne 10
George Saurlock 5
F. L. Ledford 5
Dr. George Dismore 11
Green Luttrell 13
Wilfred Ayers 17

Walter Bellatti qualified for fifth position on the team, but very gracefully gave up his place and insisted that the position be given to Wilfred Ayers, as he has had experience in playing in golf tournaments. Mr. Bellatti has been playing a splendid game recently and should be continued to show the same improvement will be one of the leading players of the club.

All members of the Country club who have lockers are requested to turn over the keys to the custodian not later than Monday noon. All of the lockers will be needed to accommodate the visiting players and it is hoped that members will not be slow in making this act of courtesy possible by the local committee in charge of the arrangements.

President Rutter, of the C. I. G. A., will arrive in this city early Monday morning.

Mr. Ledford, secretary of the association, received word from Newton M. Harris, of the Champaign team asking the conditions of the roads and stating that he expected to make the trip in an auto car.

Declarator has selected its team as follows: Messrs. H. E. Crea, W. L. Hammer, C. M. Luling, Charles and Frank Powers and Dr. William Crenoweth.

Monday evening at the club house an informal reception and musical will be given and all members of the club are invited to be present and assist the committee in extending a cordial welcome to the visitors. Miss Reon Osborne, Mr. Robert Hooker and Mr. O. L. Hill have been appointed a committee to arrange for the program and some of the best musicians of the city will be asked to contribute to the pleasure of the evening.

Many players went over the course yesterday, and despite the heat, from early in the morning until late in the evening, the links were thickly dotted with devotees of the game.

The players who will represent the local team in the tournament games have shown marked improvement in their play during the past week and expect to give a good account of themselves in the forthcoming contest.

Bloomington is anxious to secure the meeting of the tournament for next year. A low rate has been offered over the Alton from Bloomington and a party of ladies will probably accompany the team to encourage them and assist in gaining for Bloomington the next state meet.

Members of the Bloomington team are as follows: Dr. C. B. Kelso, H. D. Humphreys, Herman Tifer, A. L. Pillsbury, Earl Mahaffy and Yontz Bennett.

There will be but little playing on the links Monday morning and ladies will not be needed until in the afternoon. Players will begin to arrive in the afternoon and they will practice until dark.

Members of the Galesburg team are: Wilfred Arnold, George Harrison, Bay Sanderson, John Bannister, Clayton Roadstram and J. Grant Beadle.

Members of the Quincy team are: McMein Walsott, Wilms, Center; also six other men. The have engaged rooms at the Dunlap.

Members of the Peoria team are: E. C. Heidrich, C. L. McCoy, J. T. Hunter, R. J. Hotchkiss, W. S. Miles, N. L. Griswold.

Members of the Springfield team are: A. C. Brown, Douglas Cadwallader, "Buzz" Chatterton, Rev. Alexander Allen, C. Ricketts and one other, besides some ten individual players. Springfield's team will stop at the Pacific.

The following ladies have been appointed to act as a reception com-

mittee during the week: Mrs. S. D. Osborne, Miss Grace Carter, Miss Laura McDonald, Mrs. F. E. Baldwin, Mrs. Howard Doan, Mrs. George Saurlock, Mrs. A. G. Barry, Mrs. C. E. Dickson, Mrs. George Mathews, Mrs. T. H. Worthington, Mrs. Harry Christy, Mrs. Charles French, Mrs. E. P. Kirby, Mrs. C. G. Rutledge, Mrs. J. G. Capps, Mrs. E. S. Greenleaf, Mrs. F. L. Ledford, Mrs. William Killen, Miss Ellen Russell, Miss Anna Duer, Miss Katherine Robertson and Miss Lucy Barr.
